Good Afternoon [REDACTED]

Thank you for your email.

Just to confirm are you referring to DNA specifically here?

If so DNA is handled by our partners over at LivingDNA we don't actually do the testing ourselves.

You can contact them directly at any time here:

<https://support.livingdna.com/hc/en-us/requests/new>

We do have a privacy policy live on site which can be found here:

If I've misunderstood and you're referring about something else please do let me know.

Kind Regards,
