Hi [REDACTED]

Thank you for reaching out to DNAfit!

We are operating to the ISO 27001/02 framework, which is the international standard for data security and management. We are registered and adhered to the UK Data Protection office and comply with GDPR regulations. Data is stored securely and anonymously on UK servers and the DNA sample is destroyed after analysis.

Please let us know if you have any further questions and we would be more than happy to help!

Kind Regards,

DNAfit
